### Former OneClickDigital eAudiobook or Zinio eMagazine Users

When using OneClickDigital or Zinio app, you will be prompted to download the RB Digital app. RB Digital app uses the same account information you were using on the previous app/s to log on. Your history, holds, and checked out titles should also appear in the new app (though you may have to download the titles again).

If still present, the OneClickDigital and/or Zinio app may be deleted from your device to free up memory once you have RB Digital installed.
