The Library maintains bulletin boards and literature display space for the purpose of disseminating library, community, or public service information and materials of educational or cultural interest. This service is in keeping with the Library's mission statement, "To best serve the Carver County community, the library will be a provider of resources, spaces, and experiences that enrich and empower people's lives."

Any group or individual may request bulletin board or literature display space to disseminate information of interest to the public. All notices, posters, and free literature must be approved and placed on the bulletin board or display areas by library staff.

Due to the competition for bulletin board and display space the Library may make reasonable restrictions on the time, place, size and manner in which notices and material may be displayed. Materials may be removed at any time due to competition for the space or if they are defaced or damaged.

Priority will first be given to Library information, and then to Carver County and city government information. Local school, cultural, educational opportunities, and civic and non-profit clubs and organizations follow in priority for posting and displaying information.

Religious and political materials are permissible for informational purposes or special events; materials which have the primary effect of conversion to a single point of view will not be accepted for display or distribution.

In general, no items devoted solely to the sale, advertising, solicitation or promotion of commercial products or services for a single profit making business will be accepted. Staff may make exceptions for announcements of educational opportunities provided by profit making businesses.

Posting of a notice or placement of materials in a display space does not imply endorsement by library staff or Board of Trustees. The Library assumes no responsibility for the preservation or protection of materials posted or placed for free distribution.
